Product Description

Room Box "Music Room", miniature

Porcelain artworks behind glass.

The room box "Music Room" offers something for every music lover. In addition to the various musical instruments, the special feature of this room box are the wall plates with the most famous composers. Alongside Mozart and Beethoven, Bach and Wagner also find their place. The small plates have a hand-painted gold rim and the decors were reduced to 2.3 cm in size, so they can be printed on the miniature plates by hand.
