Product Description

Advent calendar "Christmas Night"

A Christian advent calendar is also part of our assortment. The motif represents the stable of the holy night according to the biblical story. A stable in the countryside, crooked, poor, the shepherds with their sheep nearby. What happened in the Christmas story, is shown behind the windows every day. The advent calendar has 3 levels. Some pictures are translucent if you hold them against the light, some are not.

There are more than 24 windows and some are not revealed until you open another one. So there are many unusual surprises on our Christmas Night. We wish all big and small people a lot of fun with the little different discovery of the Christmas story.
