Product Description

Advent calendar "Chemnitz"

This Advent calendar shows the impressive ensemble of Chemnitz town hall. The town hall consists of the Old Town Hall and the later New Town Hall. The High Tower belongs to the Old Town Hall and in 1986 the octagonal floor with a dome was built - so the tower has received back its baroque appearance of 1746.

The little windows fit into the shape of the architecture and behind them you will find things that could actually be found there. So stay curious and we hope you enjoy sending or giving away the calendar or enjoy opening it yourself.
