Product Description

Wagner & Apel - Parrot

Another highlight from Wagner & Apel's bird series is this parrot. In a natural pose it is leaning forward, as if it wanted to pick up something precious with its beak.

Just like the other figures from the bird series, the color is applied with an airbrush gun to the porcelain. Every piece is unique. The subsequent dipping into glaze and the final firing at more than 1300 degrees Celsius complete this little porcelain work of art.

Wagner & Apel is a manufacture from Thuringia rich in tradition. Every model is made with much dedication, patience and craftsmanship. Far from industrial mass production, every figure, every animal sculpture and every single gift item receives the utmost attention. Only if it's done by hand, it is possible to transform fine porcelain into unique showpieces.
