Product Description

Porcelain sink "Blue Ribbon", miniature

Porcelain sink "Blue Ribbon" from grandma's times. An eye-catcher in every kitchen.

For more than 60 years, Reutter have been producing their large porcelain collection themselves. Their porcelain miniatures are the only ones in Germany.

The attention belongs entirely to the detail. During production, the porcelain items are picked up by hand up to 17 times. They are poured, glazed, painted and fired three times until they have their typical Reutter flair. This craftsmanship has brought them friends around the world.

Reutter are constantly working on rounding off and completing their collection of miniatures. They succeed in consistently inspiring collectors from all over the world.
