Product Description

gie el. - Floor lamp of copper pipes LANTERN III

Original floor lamp made of copper pipes, on four delicate legs, with a characteristic protruding bulb. By rotating the upper part of the lamp you can create interesting arrangements. Despite its industrial character, the lamp also looks great in modern, minimalist interiors. Perfectly blends with the turquoise wall, which will be an interesting, and at the same time, practical decoration. You can use it in the living room to create a reading corner, a bedroom and even a hall. Hand-made in Poland.
