Product Description

SPIRA STAR Christmas tree topper, small

The most magical element of any Christmas tree is the star topper. The carefully crafted star for the top of the Spira tree complements the wooden tree in a minimalist yet warm style. The star topper is made of beech wood. The small star topper fits Spira Small and Spira OVAL Small.

The star has many symbolic meanings. We associate it with fulfilled wishes, important events and new beginnings. However, the shining star at the top of the Christmas tree is a symbol of birth and all the new, great things that still await us.

Spira is a product made with love under the Alps. It is handmade by skilled craftsmen. We only make what inspires us and what we are truly passionate about. We focus on every detail and have made it our mission to develop technical perfection. Nothing is left to chance.
