001.456/5 - Nutcracker, Miniature

from **9,88 EUR**

Item no.: 331410
shipping weight: 0.10 kg
Manufacturer: Reutter Miniaturen

Product Description

Nutcracker

The filigree workmanship and the love of detail give our miniatures their very special Reutter flair. All porcelain parts are decorated by hand with 24 carat gold and fired at 800°C. Reutter uses high-quality birch wood and fast-growing willow wood. This benefits the environment. Synthetic resins are used to model particularly fine and filigree items in order to achieve the greatest possible detail. Our small works of art inspire people all over the world and often arouse a previously undiscovered passion for collecting.

All miniatures are handmade with dedication and care. Each Reutter miniature is a unique piece and is personally made for you. The original may differ slightly from the picture. All individual parts are attached in such a way that they do not come loose.

Our miniatures are not suitable for children under 14 years of age.

- Weight: 22 g
- Width: 4 cm
- Length: 5,5 cm
