Product Description

UDry - Dishrack with Dry Mat, charcoal

A dish drying rack is a kitchen essential. The problem is they're often big and bulky not to mention a bit of an eyesore. If that wasn't bad enough, they clutter up your kitchen and take up valuable counter space which can be a real problem especially in smaller, confined living spaces. The alternative is to painstakingly pile your dishes ever so carefully onto a soaking wet dishcloth or an old tea towel.

Until now that is. UDry Dish Rack with Drying Mat by Umbra Toss the tea towel and ditch the dishcloth because UDry does so much more and it looks good while doing it! Based on our hit kitchen products UDry and UDryMini, Umbra has expanded the UDry collection with the UDry Dish Rack with Drying Mat.

Features:

- Dish drying rack and mat in one
- Super-absorbent microfiber mat
- Removable dish rack
- Folds for easy, compact storage
- Designer: David Green, Nate Asis
- Main Material: Polypropylene
- Weight: 0.6 kg
- Colour: charcoal
- Dimensions: 61 x 46 x 27 cm
