Product Description

Prisma - Picture Frame, 48x22, matte-brass

The picture frame Prisma is a contemporary, unique geometric frame, with slim wiring, that seamlessly contours the chosen image, drawing, illustration, or graphic text. Resting comfortably between two sturdy panes of glass, the frame creates a floating effect and adds a degree of dimension and depth. The wires can be seen through the front of the frame, allowing for an ultra-modern display. Prisma frame can be oriented in a multitude of arrangements, including hanging or sitting, vertical or horizontal, and placed on a table or mounted on the wall. This prismatic wire frame can be easily integrated into any style of décor.
