Product Description

CUBIKO Wall Mirror and Storage Unit, black

Tables and work surfaces are often untidy and cluttered with everyday items, cupboards and drawers overflow with personal belongings.

Cubiko solves this issue, because it is a decorative mirror and a practical shelf in one.

The hidden shelf behind this modern wall mirror offers space and storage for your personal things. This practical wall mirror is ideal for living in small spaces, as it offers additional storage space and visually enlarges the room by reflecting light. Cubiko can be used as a key holder in the entrance, as a vanity mirror or mirror cabinet in the bathroom.

The space-saving Cubiko wall mirror measures 30 x 13 x 62 cm. Concealed behind the rectangular mirror is a shelf with 3 shelves on which things for daily use can be stored without having to open a cupboard.
