Product Description

Original Crottendorfer smoker, 23 cm

This original Crottendorfer smoker made of wood with a patented burning device is approx. 18 cm high and can be equipped with size M incense cones.

Incense candles, incense sticks and incense may only be used on a fire-proof surface and under supervision. Please note that all incense burners can get hot during use. Therefore, always place the burner on a temperature-insensitive surface.

All incense burners (especially the incense holder) should be cleaned regularly. By burning several incense cones, resin and fragrance deposits form, which smell unpleasant and can smoke very heavily when smoldering. You should therefore regularly clean your burner with warm water, soap and a brush.

This incense figure may only be equipped with incense cones of size M!
