Product Description

TRIFLORA Large Hanging Flowerpot Set of 5, white/brass

The Umbra Triflora Vase is a hanging flower pot, wall vase and hanging basket for wall and ceiling mounting in a set of 5.

Triflora combines the functionality of a curtain rod with the aesthetics of potted plants. Triflora is particularly suitable for herbs, succulents and air plants. Whether Triflora is mounted on the ceiling or wall is entirely up to you. Triflora makes use of otherwise unused window space and gives it a subtle green touch.

Triflora's design is very flexible and adapts to room conditions, because this petite vase ensemble is both height-adjustable and laterally movable. The robust cachepots made of recycled polypropylene offer space for two standard plant pots with 10 cm diameter and three standard plant pots with 15 cm diameter (repotting is not necessary).

About Umbra: Umbra is an internationally operating design company that is known for original, modern, cool, functional and affordable products for home and life.
