Product Description

Garden tray, miniature

Practical garden tray with two filled glasses. Matching two coasters with a colourful lemon motif and gold rim.

Reutter has been producing its large porcelain collection itself for over 60 years. Reutter's porcelain miniatures are the only ones in Germany.

The attention belongs entirely to the detail. Up to 17 times during production, the porcelain articles are taken in hand, cast, glazed, painted and fired for the third time until they radiate their typical Reutter flair. This craftsmanship has brought them friends all over the world.

Reutter is constantly working on rounding off and expanding its collection of miniatures. Time and again, they succeed in inspiring collectors from all over the world.
