Product Description

Mini Advent Calendar WLutherstadt Wittenberg

Our mini Advent calendar in greeting card format is painted with loving details and invites you to open the doors. It is wonderful to send to friends, relatives and business partners. The mini Advent calendar can also be placed on your own desk. Reformation-related and Christmas pictures are hidden behind the windows.

It was at this castle church in Wittenberg that the monk and theology professor Martin Luther posted his 95 theses in Latin against the abuse of the indulgence trade in 1517. The reason for this was that Luther sent his theses in letter form to several ecclesiastical dignitaries and bishops of the empire and they did not respond.
