shipping weight: 0.10 kg
Manufacturer: Philippi Design

Product Description

The wonderfully unadorned design by Mario Taepper has won several awards and represents a rarely balanced measure of form and function. As soon as the cuddly, easy-grip bowl is tilted to the side, it releases precisely portioned milk, sugar or rock candy. Some people wear less style on their arm than the new owners of VERSO wear in their hand. Caution. Not suitable for children under 36 months.
