Product Description

Junip Bath Tumbler, black

Umbra Junip bathroom toothbrush tumbler is a modern mouth mug, brush holder, accessory organizer and toothbrush holder made of polyresin, in black.

A modern, resin bathroom tumbler, part of an apothecary-inspired bath collection. Introducing the Junip Tumbler by Umbra x Gensler. This tumbler and the other pieces in the Junip collection were inspired by apothecary bottles and have a weighted look, with rounded lines. The tumbler is made of resin and has a matte, black finish, that feels like the surface of a smooth pebble. A great accessory for your tooth brushing routine, this modern bath tumbler measures 7 x 7 x 10 cm. The accessories in this line co-ordinate beautifully with each other, featuring the same finish and lines, but different proportions, creating a casual, chic vibe for your washroom.

This collection also includes trash can (334896), oval soap holder (334878), soap dispenser (334883), phone holder (335562) and toothbrush holder (334888). In addition, the Touch collection is available in various classic and trendy colors, such as black, white, transparent, metallic and Terazzo-gray.

Umbra is an internationally operating design company known for original, modern, cool, functional and affordable products for home & living.
