Product Description

JOEY Soap Pump with scrubby caddy, charcoal

Umbra Joey is a soap dispenser with a ceramic scrubby caddy with a capacity of 740 ml.

The sleek and modern-looking design of Joey Soap Pump will be a great addition to any countertop either in your kitchen or bathroom. Joey's built-in caddy keeps your kitchen essentials like a scrubby (included) neatly organized, while at the same time offering easy single-handed pump operation due to its sturdy and heavy ceramic material.

Joey is loved for its versatility as its built-in caddy offers neat storage space for your bathroom essentials such as hair elastics, bobby pins, hair clips or dental floss – its great for all the little essentials cluttering up your countertop that make it so much more annoying to clean. Joey measures 4 x 5 x 8 inches (10 x 13 x 20 cm), taking up minimal space on your counter while adding a great decor touch to it.

It has a generous fill capacity of 20 oz (591 ml) and comes with a scrubby

Umbra is an internationally operating design company known for original, modern, cool, functional and affordable products for home & living.
