Product Description

SINKIN Dish Rack, white/nickel

With the right dish draining rack, washing up is much more pleasant, especially in small kitchens with little storage space. The Sinkin dish rack from Umbra can be placed practically in the sink to dry cutlery and dishes in a space-saving way. It is made of resistant metal and plastic and has a removable cutlery basket. The cutlery basket can be flexibly attached to the draining rack. Its rubber feet guarantee a secure hold and prevent scratches on the sink and worktop. Sinkin can be used both in the sink and on the worktop to dry and store your dishes and cutlery. With its simple and handy design and the dimensions 35.5 x 28 x 13.5 cm it fits in all standard sinks.
