Product Description

Incense cones Opium M, 20 pieces

When the match glows and the black cone glows red, you are immediately in the middle of Morocco, which, like Scheherazade, caresses your senses dark and beguiling. Dream the landscapes of the Orient with the scent of opium and find peace and relaxation.

Santali - Oriental fragrance compositions - Exotic fragrances like from 1001 nights.

Based on the Santali series of the 1960s, the Du ft ensemble has been relaunched with new, seductive creations. You will find some of the fragrance compositions typical of the Orient in this "Santali" series. Let yourself be enchanted by dreamy scents and immerse yourself in a world of Imagination - like in 1001 nights.

During the manufacture of the incense candle, a mass is created from charcoal, potato flour as a binding agent, sandalwood, red beech flour and some other ingredients for easy flammability, to which only the fragrance is added. In addition to the "royal powder" frankincense, other substances from distant, exotic countries are added to the candle mash, such as amber, lavender, mastic or balsam of Peru. The candles are then shaped, dried and packaged from this raw pulp.

Incense candles, incense sticks and incense may only be used on a fire-proof surface and under supervision. Please note that all incense burners can get hot during use. Therefore, always place the censer on a temperature-insensitive surface.

Use a sufficiently large censer for every incense cone size!
