## Product Description

Incense Advent Calendar - Pyramid, incl. metal incense burner.

The pyramid-shaped incense advent calendar with 1 incense box (motif/design not selectable) and 24 different scents - a different treat every day. An Advent calendar for the whole family that is guaranteed not to make you fat!

From charcoal, potato flour as a binding agent, sandalwood, red beech flour and some other ingredients for easy flammability, a mass is created during the production of the incense candle, to which only the scent is added. In addition to the "royal powder" frankincense, other substances from distant, exotic countries are also added to the candle paste, such as ambergris, lavender, mastic or Peru balsam. The candles are then formed, dried and packaged from this raw paste.

Incense candles, incense sticks and incense may only be used on a fireproof base and under supervision. Please note that all incense burners can become hot during use. Therefore, always place the incense burners on a surface that is not sensitive to temperature.
