Product Description

M.W. Reutter - Music house with lighting - Shop window series 797

Our music store is lovingly decorated with musical instruments and miniature busts of famous musicians. You will find brass instruments, such as saxophone, trumpet and French horn, but also woodwind instruments, such as clarinet and flute. In addition, there are string instruments, such as our detailed violin or the large double bass, and of course there is also a guitar. We would like to honour our pioneering composers with this window shop. The porcelain wall plates are decorated with images of Wagner, Bach, Beethoven and Mozart and adorned with a hand-painted border of 24k gold. With a multitude of lovingly designed individual pieces, it looks like a real music shop. Give this mural as a gift to music-loving friends, relatives or yourself.

Reutter's illuminated miniature shops are a real eye-catcher. The filigree miniatures are set in scene with hidden little lights. The small lights make the porcelain glitter and sparkle. In this way, the loving details are shown to their best advantage and the warm light creates a cosy atmosphere. Currently available for series 797 and series 794.

Our patio shutters are made of stained willow and birch wood with stucco elements and movable glass door. The glass panes are printed with beautiful gold ornaments and protect the small miniatures from dust. The real glass prevents scratching or blinding of the pane. In order to be able to reach the inside at any time, the pane of the shop window can be pushed out towards the top. All patio shutters can be placed or hung up. The practical opening on the back allows you to retrofit LED lighting at any time.

The filigree workmanship and attention to detail give our miniatures their very special Reutter flair. All of our porcelain pieces with gold decoration are hand-painted with 24 carat gold and fired at 800°C. Our miniature works of art inspire people all over the world and often awaken a previously undiscovered passion for collecting.

All our miniatures are handcrafted with dedication and care. Each Reutter miniature is unique and is made personally for you.

The original may differ slightly from the picture. All individual parts are fastened in such a way that they cannot come loose.

Our illuminated miniature shops are equipped with small LED lights. The LED strip is fixed to the ceiling, the cable runs in the door frame and is not visibly tucked away under the shelf. The light can be switched on and off by a slider. From the front, you can easily reach the switch through the open door, and there is a slot in the back wall for changing the battery.

2x AA / 1.5V batteries are included.

Our miniature articles are not suitable for children under 14 years.

- Product dimensions: 24 x 9.5 x 21.7 cm
- Weight: 1100 g
- 2x AA / 1.5V batteries are included in delivery
