from **39,03 EUR**

Item no.: 362402
shipping weight: 1.50 kg
Manufacturer: Philippi Design

Product Description

Light play with 3D effects

This extravagant lantern has truly earned the name LIGHT SEA. Although it is equipped with only 5 tea lights, the mirrored glass tubes are arranged in such a sophisticated way that the lights in the glass magically multiply. The tubes rest on a powder-coated steel base, whose texture in matt black offers a beautiful contrast to the high-gloss surface. The dark mirrored glass gives the ensemble an unusually high-quality overall impression.

- Material: mirrored glass tubes - powder-coated steel 1. sea of lights
- Weight: 1,50 kg

Dimensions:

- Length: 24 cm
- Width: 22 cm
- Height: 19 cm
