

Item no.: 362520

Code Domino Game

from **70,10 EUR**

Item no.: 362520
shipping weight: 0.80 kg
Manufacturer: Philippi Design

Product Description

Unlike checkers, chess or backgammon, domino opponents don't even need a playing field. The stylish stones made of silky-matt shimmering urea plastic can be lined up on practically any surface. Thanks to the magnetically closing wooden box made of beech, the set can also occasionally be used as a travel companion. A time killer that shortens waiting times with tactical skill and even helps children to improve logical thinking and interaction. Wherever the functional box with recessed grip and slider appears, it is not far to the domino effect.

Caution. Not suitable for children under 36 months.

- Material: Stones made of black urea in a high-quality wooden box
- Weight: 1,03 kg
- Length: 20 cm
- Width: 12 cm
- Height: 4 cm
