Product Description

TURN, TURN, TEAPOT WARMER

CUBO is undoubtedly one of the most versatile teapots warmer of our time. Just a minimalist tealight holder - with Advent ambitions - that magnetically holds one to four tealights at a time, as desired, a simple twist on the back, a quick repositioning of the tealights and teapot & co. are kept at temperature. Really hot, isn't it?

- Material: powder-coated steel, magnets in the tealight holders
- Weight: 1,00 kg

Dimensions:

- Length: 30 cm
- Width: 10 cm
- Height: 7 cm
