from **101,90 EUR**

Item no.: 356646
shipping weight: 3.60 kg
Manufacturer: NEXTIME

Product Description

This NeXtime "Aberdeen" silent wall clock (50cm) has a real wooden clock face that reflects the grain of the wood it was made from. The combination of old silver numbers with a slim black rim (in metal) and black hands creates a nice rural piece with modern touch. The oversized metal number makes it easy to read time clearly from afar. This large clock runs on 1x AA battery (not included).

- Material: Wood & Metal
- Color: Brown
- Clock type: Wall clock
- Size: Ø50 cm
- Battery Type: 1x AA battery, not included
