Product Description

Let us take you into the wonderful world of miniatures.

We have put together a variety of small compositions for you to suit every occasion.

The filigree workmanship and attention to detail give our miniatures their very special Reutter flair. All porcelain pieces are hand-painted with 24-carat gold and fired at 800°C. Our small works of art inspire people all over the world and often awaken a previously undiscovered passion for collecting. All Reutter miniatures are handcrafted with dedication and care.

The little creations are the perfect addition to your doll's house or miniature landscape. What is particularly practical is that they can be easily detached from the packaging. There are no limits to your imagination.
