from **132,99 EUR**

Item no.: 362413
shipping weight: 3.30 kg
Manufacturer: Philippi Design

Product Description

It's all about design here The LAZY SUSI turntable is perfect for serving fruit, cakes or canapés. A great accessory for sharing a plate with others. The exclusive glass turntable rests on ball bearings on a body made of powder-coated aluminium. The balls are firmly integrated so that they cannot fall out. **VERSATILE AND DECORATIVE:** Whether it's cakes, tarts, dips, tapas, sushi or spices. There are no limits to your variety. Decorated on LAZY SUSI, everyone can help themselves. The turntable remains securely in place and has a stable stand. **MINIMALISTIC:** A clear, thick round glass plate, combined with a black base made of milled aluminium and a handful of steel balls. Designer Eberhard Woike has created an elegant swivel top for countless occasions. **SIMPLE AND SMART:** The glass top is not firmly attached to the aluminium base. This is practical and attractive, as the two individual parts of LAZY SUSI do not have to be stored together. It saves a lot of space in the cupboard with other cake plates. **EASY TO CLEAN:** As the glass plate is only placed on top, it can be cleaned in the dishwasher on its own. However, PHILIPPI recommends cleaning designer pieces by hand in order to enjoy LAZY SUSI for a long time.

Product details- Material: Glass serving platter, base - coated aluminium with stainless steel balls- Colours: Transparent glass - black base - Weight: 3.25 kg- Length: 35 cm- Width: 35 cm- Height: 4 cm
