### Product Description

Umbra Touch Bundle including soap dish, soap dispenser and toothbrush holder in grey. The Touch Soap Dish from Umbra is an elegant and compact soap dish that looks great on your countertop thanks to its soft-touch surface, rounded edges and curved shape. The integrated grooves keep your bar of soap dry and lift it above the base of the dish so that it dries quickly and stays dry instead of collecting water. The Touch soap dish is made from a matt, soft moulded material that is easy to clean and extremely durable. The finish is both luxurious and pleasing to the eye. It is compact and measures 14 x 9 x 2 cm (5.5 x 3.38 x 0.88 inches). Made from recycled plastic. The Touch Soap Pump is made from a matt, soft moulded material that is easy to clean and extremely durable. The finish is delicate, smooth to the touch and pleasing to the eye. The curved pump is a departure from the typical soap pump, moulding to the shape of your hand and dispensing soap effortlessly. Easy to refill: Simply twist off the clear container on the bottom of the dispenser to refill your soap. The wide opening allows soap to be poured in easily and without spilling. Touch measures 10 x 7 x 13 cm (3.85 x 2.95 x 5.31 inches) and holds 236.5 ml (8 ounces) of soap. Thanks to the clear soap chamber at the bottom of the dispenser, it is also easy to see if the soap level is low. Made from recycled plastic. For optimal performance, please avoid using hand sanitisers or thick gel-based soaps. The touch toothbrush holder has three compartments; one large one for bulkier items such as toothpaste and two smaller compartments for full-size toothbrushes. Having separate holders keeps your toothbrushes organised and makes it less likely that you will mix up your toothbrush with someone else's in a communal washroom. Touch is made from a soft-touch matt moulded material that is easy to clean and extremely durable. The finish is both luxurious and pleasing to the eye. It is compact and with its dimensions of 10 x 8 x 10 cm (4.01 x 3.22 x 3.93 inches) takes up very little space on the work surface. Made from recycled plastic.

- Material: 80% polypropylene, 20% TPR- Toothbrush holder dimensions: 10 x 8 x 10 cm- Soap dish dimensions: 14 x 9 x 2 cm- Soap dispenser dimensions: 10 x 7 x 13 cm
