### Product Description

The lively little monkey skilfully shimmies from here to there and makes a lot of noise in the process. Instead of exercising caution or restraint, it prefers to rely on daring and curiosity. It can cling wonderfully to a small nail in the wall. It also likes to cling to the edges of shelves and the like. With the craft kits from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting out, folding and creasing of the labelled components is clearly instructed with clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
