Product Description

Always on the lookout for supplies for meagre times, it scurries around. Has it just spotted new prey, or is it just frightened by something? It seems to be watching something intently... and you can determine what it is. The squirrel looks particularly good when you place it on your wall, but it also feels at home on the windowsill or on a shelf, for example. With the craft kits from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting, folding and creasing of the labelled components is clearly indicated by clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
