Product Description

The gentle colossus strides forward purposefully but deliberately. Slowly yet inexorably, he always puts one mighty foot in front of the other on his long journey through the savannah. Whether the next waterhole is still a long way off or already very close - he is sure to remember! With the craft kits from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting out, folding and creasing of the labelled components is clearly indicated by clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
