Product Description

Not only made for hunters. Even without the death of a roaring stag, with these antlers everyone can finally crown their hunting room with a stylish trophy. The stag stays in the forest and your conscience remains clean. The proud red deer is also available as blue, green or pink deer. We at LIEBESREH supply you with the hunting trophy in almost any colour and all without a catch shot. The only thing you can't do without is the fun of crafting. With the craft sets from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting, folding and pleating of the labelled components is clearly indicated by clear markings and is part of the relaxed fun of crafting. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
