Product Description

Our kitten hasn't seen much of the world yet, which is why it is constantly fascinated by all the things you can discover in the world. As small as it may still be, it makes itself as big as possible to get to whatever has aroused its curiosity. With the craft kits from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting out, folding and creasing of the labelled components is clearly marked and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
