Product Description

The little hummingbird buzzes nimbly through the neighbourhood. It searches for sweet nectar to fulfil its huge energy requirements, as its little heart beats up to 500 times a minute. For once, he holds still for you so that you can place him on a ledge or perhaps hang him near a flower. With the craft kits from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting out, folding and creasing of the labelled components is clearly instructed with clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
