### Product Description

The little hummingbird buzzes nimbly through the area. He is looking for sweet nectar to meet his great energy needs, because his little heart beats up to 500 times a minute. For once, he holds completely still for you, so that you can place him on an edge, or perhaps hang him near a flower. With the LIEBESREH craft sets, it is possible for you to create large and impressive paper sculptures without any special knowledge. The cutting out, folding and pleating of the labelled components is clearly indicated by clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
