### Product Description

The wolf, the uncrowned king of the forest, is loved, hated and revered all at the same time. It stands there, waiting, aggressive and ready to attack. The crouched and lurking posture shows the wild power and tension that could turn into a deadly attack at any moment. With the craft kits from LIEBESREH, you can create large and impressive paper sculptures without any special knowledge. The cutting out, folding and creasing of the labelled components is clearly indicated by clear markings and is part of the relaxed crafting fun. With the help of our detailed step-by-step instructions, you then glue the individual parts together and will be amazed at how an impressive three-dimensional figure develops in your hands.
