### Product Description

**NATURAL WONDER: LAVA BRINGS ORDER TO THE DESK**LAVA brings creative order to everyday desk chaos and is easy on the nerves. Writing tools for notes and signatures are always within easy reach without having to search through the endless depths of drawers. Designer Jörg Langkop took his inspiration for the design from large-pored lava rock, because nature still provides the simplest and best ideas. The different sized openings are designed for different pen diameters. A grid in the base ensures that the pens stand upright. Brushes can also be placed here for short periods of time without making a mess. EVERYTHING AT A GLANCE LAVA brings creative order to everyday desk chaos and is easy on the nerves. LEAVE LESS Writing tools for quick notes are always within easy reach without having to search. NATURE AS A MODEL modelled on a lava stone, with openings of different sizes for different pen diameters
