FITNESS STUDIO FOR ON THE GO For all those who like to show their strength, STUDIO is the powerful figurehead with integrated superpower. The dainty two-gram dumbbell with the cute, delicate wooden handle is unique in the fitness universe - the sight alone is stronger than kryptonite. The extremely resilient ring can easily carry up to 10 keys, so there's no bending here either. Alternatively, as a gift it makes a great motivational boost for sofa surfers and chip bag collectors. This will (hopefully) bring the gym to life.
