from **40,85 EUR**

Item no.: 374537
shipping weight: 2.60 kg
Manufacturer: Umbra

Product Description

The Anywhere clamp rod is the easiest solution for hanging a curtain. The unique clamp curtain rod system is ideal for rental rooms where you are not allowed to drill, studios where you want more privacy or dormitories where you need to divide a room. Each curtain rod has a rounded design at both ends that keeps the curtains flush against the wall and allows for good room darkening. The Anywhere curtain pole can be adjusted in height from 213cm to 304cm and in width from 91cm to 167cm to suit any room. Installation requires no tools and takes a maximum of 20 minutes. Simply adjust the height and width and tighten. The Anywhere clamp curtain rod is also ideal as a room divider to separate large rooms or create additional privacy. Use Anywhere as a room divider for your loft, flat, office, student room and more. Total weight capacity: 6.8 kg curtain rod with 2.5 cm diameter. The clamp rod is made with a more environmentally friendly coating. It produces 85% less water and solid waste than conventional galvanised coatings. ? Please note that curtains/panels are not included. Best used in areas with low traffic and on smooth and flat surfaces such as tiles and metal hardware.
