Product Description

Weather Station "Hyacinth", Metal, Brown, Ø 40.5 cm

The NeXtime "Hyacinth" is a big metal garden clock that will also show the temperature and the humidity. Especially made for outside! The use of extra rubber rings to protect the water from reaching the delicate parts of the clock is making this clock special and weatherproof. If you want to be up to date in your garden, this is the clock for you! Time, temperature and humidity in one device. The clock is robust and from metal and with Ø 40.5 cm, it will fit everywhere. The case is in the color of warm sand and the dial is off white and has Roman numbers for easy understanding of the current values. Because of the black hands, the clock and the meters are easy to read. The clock runs on 1x AA battery (not included).
