Product Description

Weather Station "Clematis", Aluminum, White/Stripe Index, Ø 35 cm

The NeXtime "Clematis" is an aluminum garden clock that will also show the temperature and the humidity. Especially made for outside! The use of extra rubber rings to protect the water from reaching the delicate parts of the clock and the special coating on the aluminum is making this clock special and weatherproof. If you want to be up to date in your garden, this is the clock for you! Time, temperature and humidity in one device. The clock is robust and from aluminum and with Ø 35 cm it will fit everywhere. The dial is white and has a big index for the hour indication. Because of the black hands and the big red second hand, the clock and the meters are easy to read. The clock runs on 1 AA battery (not included).
