Product Description

Huge set with high play value in muted, natural colours. This set contains both sand toys and lots of vehicles, making it ideal for large groups of children. Playing outdoors with sand and water develops your child's motor skills and senses. The vehicles can be cleaned in the dishwasher and then used indoors. The BIO sand set is made in Denmark from organic plastic, a sustainable raw material consisting of 90% sugar cane, and has been awarded the Nordic Swan for this.
