### Product Description

A globe for big appearances: With its chrome-plated metal frame, gleaming globe and stable base, the futuristically designed 430 x 1320 millimetre APOLLO 17 floor-standing globe also cuts a fine figure as an elegant gift or in prestigious rooms. The relief-like mountains are a special feature, and the two axes allow the English-language globe to be moved simultaneously in all directions. Globe with 43 cm diameter and base, chrome-plated metal base, total height 1.32 m, map relief, two movable axes, plastic / metal, shiny, silver-coloured. High-quality workmanship: High-quality standing globe with a total height of 132 cm, every angle is visible thanks to its two axes, simultaneous movement in all directions, stands on a sturdy, chrome-plated metal base. The futuristic globe is highlighted by the mountains in relief. Attractive design: The shiny, two-coloured SPUTNIK globe has a diameter of 43 cm and is mounted on two axes. It shows silver country areas and silver seas and is labelled in English with continents, countries, oceans, geographical zones, important cities, deserts and mountains. Functional and decorative: Creates a pleasant environment for discovery and learning and is a stylish addition to your home or office, combining education and aesthetics. Added value: With its realistic details and high-quality workmanship, the globe is not only a decorative element, but also an educational tool for curious minds of all ages.
