### Product Description

Cartonic 3D puzzles are the easy and environmentally friendly way to create a real work of art out of cardboard. It's a pre-cut set of cardboard discs, as simple as 1-2-3. During the making process, you can literally see it being created layer by layer. When you're done, you can make your artwork even more unique by painting it or placing it in your home as it is. But we should warn you that you might need a new one as soon as you've assembled it, because the process is addictive. WHAT IS SO CULT? The word 'Cossack' comes from 'free man' in one of the Turkic languages. The Cossacks were a militarised people who lived mainly in the steppe regions of Eastern Europe, including the eastern areas of present-day Ukraine. In the period from the 13th to the 18th century, the Cossack organisations were largely a state within a state under changing suzerainty. Their modern image combines a love of freedom and democracy, martial prowess and valour. Are you ready to see what's inside its legendary head?
