Product Description

WHAT IS CARTONIC?Cartonic 3D puzzles are the easy and environmentally friendly way to create a real work of art from cardboard. It's a kit of pre-cut cardboard discs, as simple as 1-2-3. During the making process, you literally witness it being created layer by layer. When you're done, you can make your artwork even more unique by painting it or placing it in your home as is. But we should warn you that you might need a new one right after assembling it, because the process is kind of addictive.WHAT IS SO CUTE?Dragon is the best security service to keep your gold or kingdom (if you own one) safe. In Asian cultures, it is said that a dragon brings good luck to the owner. Whilst we believe they can breathe fire, we strongly recommend keeping this dragon away from the flames. This cardboard dragon may be the only real dragon you'll meet face to face, but if you tame it, it will stay with you forever.Details- Quantity:66 pieces- Assembled puzzle size:13.6x8.2x19.5 cm and 5.3x3.2x7.61 in- How long it takes?30 to 60 minutes, depending on the number of details and your willingness to do it as quickly as possible to enjoy the process.
