from **39,47 EUR**

Item no.: 386823
shipping weight: 0.70 kg
Manufacturer: Philippi Design

Product Description

FORGED BLANK STEEL Organic design in its purest form comes to the table. The exceptionally lively shape of the LEAF bowls is accompanied by a rarely seen lightness that is ideal for quick access to fruit. In stark contrast to this is the concrete look, which introduces an architectural component - a sculpture, a decorative element that, in case of doubt, can also be functionless without staffage. Small anti-slip pads underneath prevent accidents. We don't want tears to flow at the end ...- Material: powder-coated steel- Weight: 1.00 kg- Length: 29 cm- Width: 28 cm- Height: 7 cm
