from **105,49 EUR**

Item no.: 386838
shipping weight: 1.80 kg
Manufacturer: Philippi Design

Product Description

FORGED BLANK STEEL Organic design in its purest form comes to the table. The exceptionally lively shape of the LEAF bowls is accompanied by a rarely seen lightness that is ideal for quick access to fruit. In stark contrast to this is the concrete look, which introduces an architectural component - a sculpture, a decorative element that, in case of doubt, can also be functionless without staffage. Small anti-slip pads underneath prevent accidents. We don't want tears to flow at the end ...- Material: powder-coated steel- Weight: 2.50 kg- Length: 47 cm- Width: 46 cm- Height: 11 cm
