

Item no.: 386818

## 131019 - Lim can S

from **35,23 EUR**

Item no.: 386818  
shipping weight: 0.50 kg  
Manufacturer: Philippi Design

### Product Description

THE LIM FAMILY IS GROWING The refined surface of LIM suggests perfect pottery craftsmanship to the uninitiated, but is made of powder-coated aluminium. A fact that has a maximally positive effect on the robustness of the jars. And yet handmade - Scandinavian minimalist design for eternity - the containers are just as suitable for storing jewellery, keys and make-up utensils as they are for sweets or biscuits. Instead of a lid knob, a simple opening has been incorporated and the cover can be removed in a flash with just one finger. - Material: powder-coated aluminium - Weight: 600 g - Length: 13 cm - Width: 13 cm - Height: 7 cm
