Product Description

WELL-TEMPERED WINE IN AN ELEGANT OUTFIT Riesling, Pinot Gris and Chardonnay always need to be served at the perfect temperature. Ideally in the COLLINI wine cooler, as it thankfully dispenses with ice, which usually results in an unsightly dripping bottle when pouring. The double-walled construction with air inside is still the best insulator, just ask the physicist of your choice. Plus a uniquely minimalist appearance in stainless steel with an elegant lacquer coating. Cool on the inside, maximum cool on the outside. After all, you drink with your eyes. - Material: lacquered stainless steel- Weight: 650 g - Length: 12 cm - Width: 12 cm- Height: 20 cm
